SUBJECT INDEX

Aerodynamics
Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.

Buckling
Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Concrete
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

Cooling towers
Combined Wet/Dry Cooling Towers of Cell-Type Construction, Andreas Streng, EY Dec. 98, p104-121.

Cost control
Combined Wet/Dry Cooling Towers of Cell-Type Construction, Andreas Streng, EY Dec. 98, p104-121.

Cost savings
Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Dams
Simplified Tidal Barrage for Small-Scale Applications, Andrew D. Grant, EY Apr. 97, p11-19.

Dams, rockfill
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

Design
Combined Wet/Dry Cooling Towers of Cell-Type Construction, Andreas Streng, EY Dec. 98, p104-121.
Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.
Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Elastic foundations
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

Energy conservation
Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.
Integrated Energy and Water Conservation Modeling, Sharon deMonsabert and Barry L. Liner, EY Apr. 98, p1-19.

Energy consumption
Integrated Energy and Water Conservation Modeling, Sharon deMonsabert and Barry L. Liner, EY Apr. 98, p1-19.

Energy conversion
Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.

Energy dissipation
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

Environmental issues
Combined Wet/Dry Cooling Towers of Cell-Type Construction, Andreas Streng, EY Dec. 98, p104-121.

Erosion control
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

External pressure
Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Hydraulic performance
Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Modeling
Integrated Energy and Water Conservation Modeling, Sharon deMonsabert and Barry L. Liner, EY Apr. 98, p1-19.

Oscillatory flow
Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.

Pumps
Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Questionnaires
Editorial, Sharon deMonsabert, EY Aug. 98, p33-34.

Reliability
Combined Wet/Dry Cooling Towers of Cell-Type Construction, Andreas Streng, EY Dec. 98, p104-121.

Responses
Editorial, Sharon deMonsabert, EY Aug. 98, p33-34.

Reviewing
Editorial, Sharon deMonsabert, EY Aug. 98, p33-34.

Scale models
Simplified Tidal Barrage for Small-Scale Applications, Andrew D. Grant, EY Apr. 97, p11-19.

Shells
Design of Small, Hard-Shell Overflow Dams on Compressible Foundations, Bingzhao Huang and Shengping Gu, EY Apr. 98, p20-32.

Speed control

Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Steel

Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Theories

Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Tidal energy

Simplified Tidal Barrage for Small-Scale Applications, Andrew D. Grant, EY Apr. 97, p11-19.

Tidal power generations

Simplified Tidal Barrage for Small-Scale Applications, Andrew D. Grant, EY Apr. 97, p11-19.

Tidal waters

Simplified Tidal Barrage for Small-Scale Applications, Andrew D. Grant, EY Apr. 97, p11-19.

Tunnel linings

Technical Forum. Buckling of Steel Tunnel Liner under External Pressure, David Berti, Richard Stutzman, Eric Lindquist and Maryam Eshghipour, EY Dec. 98, p55-89.

Turbines

Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.

Variability

Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Water conservation

Integrated Energy and Water Conservation Modeling, Sharon deMonsabert and Barry L. Liner, EY Apr. 98, p1-19.

Water distribution

Improved Operation of Water Distribution Systems Using Variable-Speed Pumps, Srinivasa Lingireddy and Don J. Wood, EY Dec. 98, p90-103.

Wave energy

Performance Prediction of Contrarotating Wells Turbine for Wave Energy Converter Design, R. Curran, T. J. T. Whittaker, S. Raghunathan and W. C. Beattie, EY Aug. 98, p35-53.
